Cost of Services Funding Special Education Services

Purcell Marian is a provider of services for both Jon Peterson and Autism Scholarship Programs which are offered by the state of Ohio. All special education students who have been offered an IEP by their local school district may apply for Jon Peterson or Autism and use those funds to pay for services for the provider of their choice.

It is the policy of Purcell Marian High School that students participating in these scholarships allocate 100% of the awarded scholarships to Purcell Marian to cover the cost of services. Scholarship amounts are determined by the special education identification of the student as determined by the Evaluation Team Report (ETR).

The total for special education students will be the general tuition, plus the Inclusive Classroom Environment Fee, plus any hourly billing for the cost of Special Education.
